## You Need to Know!

### Medical Marihuana in Your Community

August 1, 2017

What does medical marijuana mean for your community? Join the League for a discussion of your rights and what the new Medical Marihuana Facilities Licensing Act (PA 281 of 2016) may or may not create in your community.

The medical marihuana industry is aggressively looking for communities opting in to allow one or more of the five license types established under the new law. The State of Michigan will begin accepting license applications in December. Each session will include a primer on the law from an expert municipal attorney and an educational overview from industry representatives on what city officials could expect from allowing a facility in their community. League staff will also be available to answer questions. The session will be immediately followed by a networking reception.
