Subcommittee Corrections  
Subcommittee DHHS  
Subcommittee Gen. Government  
Subcommittee Joint Capital Outlay

December 16<sup>th</sup>, 2024

Members of the Senate,

We want to take a moment to highlight the incredible support for the establishment of a Revenue Sharing Trust Fund. For nearly two years, we have worked in a bi-partisan manner to craft House Bills 4274 and 4275 creating a system that protects and provides a predictable revenue source for local units of government.

Revenue sharing is one of two primary funding sources local governments rely on to provide core services to residents. It ensures we can keep our communities safe and secure, provide safe drinking water, maintain parks, and be attractive to small businesses and entrepreneurs. This legislation represents tireless work that is guided by our commitment to serving our communities effectively.

We believe the overwhelming support for this legislation speaks volumes. Below, you will find detailed records of those who wrote letters, submitted cards, testified in favor, and cast 106 votes for this bill in the House.

With only days remaining in the legislative session, we cannot afford to let this legislation sit idle. By supporting this legislation, our shared priorities of high-quality infrastructure, robust economic development, attainable housing, and thriving communities can be a reality if we work together to make Michigan a better state to live, work, and invest.

Please make your voice heard and request that this legislation be brought before the Senate for a vote. Now is the time for us to stand up for our communities and deliver on our promise to create a more prosperous Michigan.

Respectfully,

Amos O'Neal  
State Representative
