

Custom On-site Training

The Michigan Municipal League has been training local governments for 125 years and is excited to offer custom workshops that are as unique as each community. In collaboration with Mindset Talent, the League has created support for custom on-site workshops.

Does your community need support around the following topics?

- Strategic Planning
- Goals & Objectives
- Talent Strategy
- Employee Engagement
- Inclusion and Belonging
- Workplace Well-Being
- Positive Workplace Culture
- Strengths-Based Leadership Teaming
- Creative Problem Solving
- Insight Gathering & Strategic Planning
- Leadership & Team Coaching
- Talent Acquisition
- Talent Development
- More

The custom on-site is designed to meet communities and local leaders where they are and is 100 percent customized. During the exploratory process, honest and candid conversations around your needs will result in a proposal that ensures the custom training is exactly what you need.

Benefits of a Custom On-site

- Tailored to your community's specific needs
- Brings your team together around a goal
- Inclusive
- Interactive
- We come to you

Please email events@mml.org to begin building your custom on-site today!
