Section 1

Roles of the Village Council & Village Manager

The role of the Village Council is to lead the community of Lake Isabella towards an appointed vision and adopted set of goals. The vision and goals shall be set by the Village Council and shall reflect the needs of the residents and property owners as they relate to the services and activities of the Lake Isabella Village government. The Village Council is the linkage between the Village government and the residents and property owners of the community. The Village Council's primary responsibilities are to represent the residents and property owners of the entire Village of Lake Isabella. The fulfillment of the mission and goals should be done in a fiscally responsible manner within the parameters of statutory authority and the Village Charter.

The Village Council connects its authority to the residents and property owners of Lake Isabella and sees its task as servant-leaders to and from them. The role of the Village Council is separate and distinct from the role of the Village Manager, Village Attorney, and staff insofar as the Village Council's vision and goals are derived by looking outwardly to the needs and interests of the citizens of residents and property owners. The implementation of the Village Council's vision and goals is the responsibility of the Village Manager.

The Village Council acknowledges the roles and responsibilities of the other appointed boards of the Village, as well as the Council's duty to provide funding and organizational support necessary for them to carry out their assigned duties.

The Village Council will appoint/hire, review, and hold accountable the Village Manager. The Village Manager is the official connection between the Village Council and the staff and organization of the Village of Lake Isabella. As the policy-making body of the Village, the Village Council is responsible for visionary policies and goals. The Village Council must clearly communicate its visions, goals, objectives, and concerns to the Village Manager. Individual members of the Village Council shall not cause for there to be a hostile work environment that adversely impacts the ability of the Village Manager to effectively serve the Village Council. Implementation of operational policies and ancillary decision-making, consistent with the vision and goals of the Village Council, is the responsibility of the Village Manager.

The Village Council's interaction with the Village Manager must recognize and be respectful of the authority that must be necessarily be vested in the Village Manager to enable him/her to perform the functions and duties of that position. The Village Manager is accountable only to the Village Council as a whole and not to individual Village Council members. Therefore, no individual member of the Village Council has authority over the Village Manager. Information may be requested by individual Board members, but if such request, in the Village Manager's judgment, requires a material amount of resources or is detrimental to other necessities, the Village Manager may ask for majority Board action on such requests. Except for the purpose of inquiry, the Council and its members shall deal with day-to-day administrative functions of all departments, under the Council's responsibility, solely through the Village Manager and neither the Council nor any member thereof shall give orders or direction to any of the subordinates of the Village Manager or Village Attorney.

With the exception of the Village Attorney, the Village Manager shall have general authority over all Village departments and Department Directors under the Village Council. This authority shall include supervision and oversight of structural, budgetary, and day-to-day functions and management decisions required to carry out the objectives of the Village Council. It is the role of the Village Manager to evaluate the performance of the Department Directors, and to promptly address any performance concerns or disciplinary matters.

In general terms, the Village Council's job is generally confined to the establishment of the broader vision and policies of the Village. Implementation and subsidiary decision making is delegated to the Village Manager. The Village Council shall formally adopt a job description outlining specific duties, responsibilities, and qualifications needed for a person employed as the Village Manager. Generally speaking, the duties of the Village Manager shall include:

Management of Village Organizational Structure – this includes annual evaluation of departmental structure and duties throughout the Village and recommendations to Village Council for more efficient and/or cost-effective ways to provide Village services. The Village Manager also provides the selection and management of all department directors.

Operational Policies – the Village Manager shall be responsible for delivering, implementing, and enforcing written operational policies consistent with the Village Council's vision and objectives, including but not limited to: Purchasing Policies, Employment Policies, Code of Ethics Policy, and any other such written policies as directed by the Village Council.

Financial – It is the Village Manager's duty to annually produce and present a fiscally responsible balanced budget recommendation to the Village Council. The Village Manager's budget recommendation must be consistent with the Village Council's stated priorities in allocating amongst competing budget needs, meet statutory requirements, be based on credible projections of revenues and expenses, including contingency planning, and provisions for annual auditing and adequate fund reserves.

Communication - The Village Manager is responsible for communicating the Village Council's visionary policies and goals. Information that impacts the Village's ability to effectively implement Village Council visionary policies and goals must likewise be communicated by the Village Manager to the Village Council in a timely manner.

Ethical Responsibilities of the Village Manager – Within the scope of authority delegated to him/her by the Village Council, the Village Manager shall not cause nor allow any policy, activity, or organizational action that is unlawful, imprudent or in violation of commonly accepted business or professional ethics. When the Village Manager becomes aware of such conditions, she/he is responsible for remedying such matters to the extent possible and communicating the same to the Village Council. The Village Manager shall not

participate in Lake Isabella Village politics or otherwise support in any way campaigns of Lake Isabella Village elected officials or candidates.

Professional Membership – The Village Council desires for the Village Manager to be a member in good standing of the Michigan Chapter of the International Village/County Management Association (ICMA), presently known as the Michigan Local Government Management Association (MLGMA), and preferably also a member of the ICMA. The Village Council understands that membership in both of these professional organizations come with an obligation to adhere to a formal professional code of conduct, a summary of such is attached hereto as **Appendix B**, and the Village Council expects that the Village Manager shall adhere to the ethical standards adopted by these professional organizations.

In such cases, the item shall only be added to the Agenda by a 2/3 vote of the Village Council at the next regular meeting.
